In that event, all finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs, and reports or other material prepared by the Contractor under this Contract shall, at the option of the State, become its property, and the Contractor shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents and other materials which is usable to the State.

b. Termination for Convenience - The State may terminate this Contract at any time by giving written notice of such termination and specifying the effective date thereof, at least 15 days before the effective date of such termination.
